Setup a Mobile App Store in Minutes!

The Apptizer App on the Poynt Smart Terminal helps merchants create a mobile store in minutes - enabling them to accept order ahead, market to their customers, and a slew of other benefits.

About Apptizer for Poynt:

Setup your app in minutes; your app is automatically updated with items from your Poynt app catalog.

Real time fulfillment; all order ahead orders from your app automatically populate into your Poynt terminal.

All sales are accounted for; sales made through the app are included in Poynt reports

Market your users; send promotional messages to customers at the push of a button.
