

THE POYNT SMART TERMINAL IS HERE

Smart isn't just for phones anymore.

Your business deserves modern technology. The Poynt Smart Terminal is an all-in-one smart device you'll actually want to have on your counter.

Accepts all of today's and tomorrow's payment types.

Easily email receipts, refund transactions and settle with the tap of a button. And with the free smartphone app*, you can do all this from anywhere. It's like a remote control for your business.

Why leading businesses choose Poynt.

Fast Transactions

Keep payments simple for both customer and employee. Every transaction automatically applies taxes, surcharges and discounts, creating a streamlined experience that reduces errors and keeps the line moving.

Multiple Payment Options

Accept any payment method, be it cash, card or contactless. The system is primed to embrace change and will easily incorporate new payment methods. The days of "I'm sorry, we don't accept that" are over.

Mobility

Take payments in your store or at an industry trade show or local farmer's market. Any member of your team can become a checkout cashier, and you can check sales, stats and inventory in an instant.

Powerful Reporting Dashboard

Get real-time access to transactions, trends and customer information, and make data-informed decisions at a moment's notice. Keep close tabs on finances, set up new users and run customized reports from your home, at the office or on the go.

Ease of Use

Be up and running in as little as five minutes with an intuitive user interface and step-by-step tutorials.

Reliable Security

Rest easy with fully protected and PCI-compliant payment data and customer information.

24/7 Support

Reach out any time to get answers or troubleshoot issues. You don't clock out at 5pm, and neither do we.

Affordability

Pay one-tenth of the price of traditional payment platforms.

Most recent release of the Poynt Smart Terminal dual-screen device.
